2026 Mindful Miles 5K Run/Walk

Turning Steps into Supports

MINDFUL MILES 5K WALK/RUN VENDOR APPLICATION

Each year, more than 18,000 children, adults, and families across Massachusetts turn to Gándara Center for support, understanding, and someone to walk alongside them. We offer mental health care, substance use recovery, residential programs, and community-based support — meeting people exactly where they are.

When you join us at the 5K, you're showing up for your community. Your presence helps keep our programs strong and accessible. Every step reminds someone: you are not alone.
